

Dear Potential Living Kidney Donor,

Thank you for your interest in living kidney donation. Please read the information carefully to make an informed decision about whether living kidney donation is right for you. If you decide to proceed with the evaluation, please complete the following steps:

- 1. Communication- We request that you inform your recipient of your intention to donate. It is important to ensure their willingness to accept your gift.
- 2. Medical/Social/Travel (MST) Questionnaire- To ensure that this will be safe for both you and your recipient; we need to ask questions about your medical, social and travel history. Please answer the questions in the questionnaire that follows this letter to the best of your ability. The questionnaire is developed by The Kidney Paired Donation program, which is operated by Canadian Blood Services. Some of the questions are very personal but it is important that they are answered truthfully. Please be assured that all information is confidential and is used only to assess your suitability as a donor. Please complete the forms in ink. If a correction is necessary, just stroke out the error and initial above the area. Please do not use correction tape of any sort.
- 3. Consent Forms- Please read and sign the enclosed consent forms (Consent for Evaluation and Consent for Disclosure) with a witness. The witness can be anyone over the age of 18 and must sign that they have witnessed your signature on the same date.
- 4. Blood group- We require confirmation of your blood group with either a copy of your Canadian Blood Services card or report from your family physician. If you do not know your blood group, we will provide you with a requisition to verify.
- 5. After completing the questionnaire and signing the consent forms, you may return the signed documents to us via email: Livingkidneydonor@toh.ca, fax 613-738-8403 or via Canada Post to:

Living Kidney Donor Program 1967 Riverside Dr. - Box 643 Ottawa, On. K1H 7W9

6. Donor Information Session- We offer monthly information sessions that are mandatory as part of your evaluations. You are welcome to attend at your convenience by calling 613-738-8400 ext 82719 to book.

We truly appreciate your interest in living kidney donation, and we would like to respect and support your decision whether or not you decide to proceed. Therefore, if we do not hear from you it will be assumed that you do not wish to proceed, and you will not be contacted.

Thank you,

The Ottawa Hospital Living Kidney Donor Program 613-738-8400 ext 82778

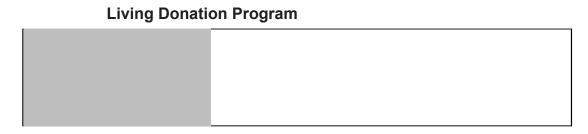

KIDNEY DONOR EVALUATION CHECKLIST (PHASE 1)

STEP	INSTRUCTIONS	COMPLETE
STEP 1: Send the donor program your Medical/Social/ Travel (MST) questionnaire and signed consent forms	 The MST questionnaire requires your signature on page 4 as well as a witness (the witness cannot be your intended recipient). Please ensure the date you write is the same date your witness writes. Please ensure both consents are signed and the dates indicated, are the same for yourself and your witness. The questionnaire and consents can be e-mailed to: (Livingkidneydonor@toh.ca), faxed to: 613-738-8403 or mailed to: 1967 Riverside Dr. Box 643, Ottawa, ON, K1H 7W9. 	
STEP 2: Make an appointment with your Family Doctor (if you have one)	 Once your questionnaire and consents are received, we will send a form to your family doctor. The form asks them to complete an assessment and make sure your cancer screening is up to date. You may also need to complete a TB skin test. Your Family Doctor needs to fax us back the completed form to 613-738-8403 (The fax number is also on the form). If you do not have a Family Doctor please talk with the donor program, you may be able to complete some testing at a walk-in clinic. 	
STEP 3: Complete laboratory tests	 The donor program will mail or e-mail laboratory requisitions for you to complete. If they are e-mailed, you will need to fill in your personal information on the top right of the requisition (name, date of birth, address and health card number). You may complete these tests at any lab that is convenient: Lifelabs, Dynacare, BioTest, or an Ottawa Hospital lab (Civic, Riverside, or General). You must be fasting for 12 hours. Do not eat or drink anything except water for 12 hours before you go to the lab. 	
STEP 4: Attend virtual Living Donor Education session (Via MyChart on your phone or computer)	 Please call (613-738-8400 ext. 82719) or e-mail (Livingkidneydonor@toh.ca) to sign up for an upcoming education session and obtain your activation code for MyChart (if not already active). * This can be scheduled before completing your laboratory tests (Step 3) if you like. 	
STEP 5: Call/ e-mail the donor program	Call (613-738-8400 ext. 82719) or e-mail (Livingkidneydonor@toh.ca) the donor program once you have completed the laboratory tests, your family doctor has sent us back the form, and you have attended an education session.

Dear Potential Donor:

The following Donor Disclosure and Questionnaire must be completed and returned to:

You are being asked to complete this questionnaire to comply with Health Canada Regulations for organ and tissue donation and with your hospital program's donor evaluation standards. To ensure donation will be as safe as possible for both you and the person you will donate to, we need to ask questions about your current and past health. Many of the questions asked are similar to those asked when donating blood.

Please complete the form yourself and answer all of the questions to the best of your knowledge. If you are not able to complete the form yourself, the person who completes the form on your behalf should explain why in Question 72.

All information provided is private and confidential and is used only to assess your suitability as a potential living kidney donor.

If you have any questions or concerns, contact: 613-738-8400 ext. 82719 or livingkidneydonor@toh.ca

Consent to Living Kidney Pre-Donation Medical/Surgical Evaluation

I have read and understand the information provided, which includes:

- i. The Ottawa Hospital Fact Sheet for Kidney Donor,
- ii. Living Donor Paired Exchange Registry pamphlets,
- iii. The Trillium Gift of Life Network Living Kidney Donor Information and/or Living Kidney Donation at The Ottawa Hospital booklet.
- iv. The Program for Reimbursing Expenses of Living Organ Donors (PRELOD) booklet, if applicable,

and

I agree to proceed with a comprehensive evaluation process, to determine my candidacy as a living kidney donor.

I have been informed and understand that:

- 1 There is a risk the results of my evaluation may reveal a health problem, which could affect my insurability.
- 2 In Canada, no monetary inducement, goods, or services of value shall be offered to or accepted by a living donor, the donor's estate, or any other third party in exchange for cells, tissues, or organs.
- 3 I will be screened for the following infectious diseases: Hepatitis B and C, HIV (Human Immunodeficiency Virus), HTLV (Human T-Lymphotropic Virus) and Syphilis, and if positive, the Public Health Department is notified.
- 4 There will be out of pocket expenses including parking, travel and time away from work, beyond the reimbursement by PRELOD.
- 5 I may be found ineligible to donate my kidney.
- Ouring my evaluation, there is release of information to the transplant recipient team about my kidney vascular anatomy, blood type, tissue typing, and virology results. Any further release of information requires my notification and consent.
- 7 None of my health information is shared with the recipient unless I provide my written consent.
- 8 I may withdraw from the evaluation process, at any time, without penalty and that, the reason for withdrawal remains confidential.
